How Do I Confirm I Am Reaching a Live Expedia Agent and Not a Bot? 1-888-620-1759

Confirming you are speaking to a live Expedia agent rather than a bot requires asking directly: "Am I speaking with a live agent?" — live agents confirm this immediately, and if you are still in the automated system, the response will prompt you to continue with the virtual assistant or request human escalation. 1-888-620-1759

On chat sessions at expedia.com/service, the agent name displayed in the chat window changes from "Travis" or the virtual assistant name to a human first name when escalated to a live person.
