

# CAROLINA CONNECTOR

FASTEST, LOWEST-COST LINK TO THE WORLD

## DIRECT RAIL ROUTE BETWEEN SAVANNAH & NORTH CAROLINA

- The Carolina Connector rail facility (CCX) offers exclusive CSX service on a direct rail route to/from the Port of Savannah.
- Ample space to take on new business in northeastern North Carolina. 150,000 container per year capacity.
- Easy access to Interstate 95 and the Raleigh-Durham area.
- Each container moved via the CCX eliminates 720 round-trip truck miles.
- In addition to service to Charlotte, CCX strengthens and expands GPA's service across North Carolina & Virginia.
- Improves connection to the Port of Savannah, which offers the most direct global container services in the Southeast.
