

COASTAL CAROLINA CONNECTOR

Fast, low-cost supply chains

Location: Rocky Mount, NC

Direct Rail Route Between Savannah & North Carolina

- The Carolina Connector rail facility (CCX) offers exclusive CSX service on a **direct rail route** to/ from the Port of Savannah.

Capacity

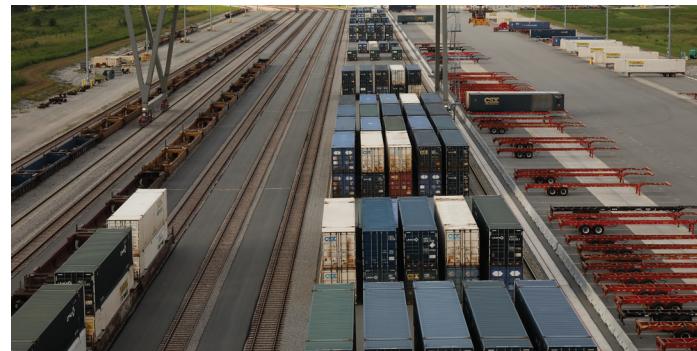

- **Ample space to take on new business** in northeastern North Carolina with 150,000 container capacity per year.
- **Ideal access to Interstate 95** and the growing Raleigh-Durham area.

Sustainability

- Each container moved via the CCX **eliminates 720 round-trip truck miles**.

Connectivity

- CCX strengthens and **expands GPA's service** across North Carolina & Virginia.
- **Improves connection to the Port of Savannah**, which offers the most direct global container services in the Southeast.

THE COASTAL CAROLINA CONNECTOR OFFERS YOU CONNECTIVITY.
