## ABOUT GEORGIA PORTS

Georgia's Ports in Savannah and Brunswick are strategic gateways, creating the most competitive supply chains in the nation with their level of operations, connectivity and supply chain ecosystem. These attributes combined with Georgia's ranking as the top state to do business for 12 consecutive years create a very unique business model for growth. The Port of Savannah is one of the best-connected ports in the U.S. to world markets with 39 ship calls a week, 42 doublestack trains per week and 16,000 truck gate moves daily. GPA has a self-financed \$4.5 billion investment plan for the next ten years which will see five new big ship berths added in Savannah – the most new berths of any U.S. port.
