REFRIGERATED CARGO

Faster, fresher, closer, cheaper.

COLD CHAIN GATEWAY

- GPA, as **owner and operator**, provides operational flexibility in handling frozen and chilled cargo.
- **On-terminal U.S. Customs & Border Protection** and USDA inspections in a temperature controlled atmosphere.
- Coordinated partnerships with the ILA, USCBP, USDA and FDA promote a business-friendly environment for our customers.
- In-transit **cold treatment completion** and cold treatment completion on terminal available.
- Annual permits available from Georgia Department of Transportation allow for containers up to 100,000 lbs gross vehicle weight.
- **Off-terminal cold storage facilities** combine to offer 2,395,240 ft² (222,525.1 m²) of cold storage capacity as close as three miles from Garden City Terminal.
- **Closer proximity to Southeast merchants** equals reduced cost and faster transit to market.
- **Customer Experience Center** onsite with dedicated reefer customer service.
- 24/7 cargo visibility at **webaccess.gaports.com**.
